Over one million demand concrete actions towards Education For All.

The largest mobilisation ever with 110 coalitions in over 100 countries joining the activities.

The biggest impact ever with politicians going back to school and making commitments towards EFA.

This would not have been possible without, you, the teachers.

Thank you to all EI affiliates for making this year’s Global Action Week the biggest success ever!!!

Join us next year for Global Action Week on 24-30 April 2005.

Let us make sure that the promise to get all girls an education by 2005 is not forgotten.

www.campaignforeducation.org

EI is a founding member of the Global Campaign for Education which consists of NGOs and teachers unions. The GCE strives to make Education For All by 2015, a reality.
